We have no file size limit. Alternatively you can choose to share your download links on blogs, forums and social networking sites. You can upload any type of file (movies, music, documents, images, zip files and more). So try our free and simple filehosting service now. Just upload the file you want to share with your friends and we send you a download link to your file. Keep your files private, or send your download links only to friends or family. filehosting provides an easy possibility for you to send large files to your friends.
