There are no restrictions on the number of times a file can be downloaded. Any file in any format can be uploaded and downloaded for free. Files can be downloaded from any computer from our high speed servers. Alternatively you can choose to share your download links on blogs, forums and socialnetworking sites. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of filesthat can be transferred within their apps. You decide who you want to share your files with. So try our free and simple filehosting service now. If only we could, we surely would! On the other hand, using file can actually save you money. Simply upload your file and share the link. This is easy, fast and reliablefilehosting! You don't need any kind of premium-accounts. No account or credit card is required to get started. Just upload the file you want to share with yourfriends and we send you a download link to your file. filehosting provides an easy possibility for you to send large files to your friends. Your wallet will benone-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then fromour servers to your friends device. We have no file size limit. Using file, you can circumvent those limits without paying to upgrade your team chat service. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Files transferred the old-fashioned way tend to pile up and beforgotten about, eventually costing you money in data storage fees. File is free to use with no gotchas and no hidden fees. Keep your files private, or send yourdownload links only to friends or family. Unfortunately, we can't make that part free. You don't need any special software installed to be able to download yourfiles. You can give this download link to your friends by mail or instant messenger. It is also allowed to link to the download page from websites andcommun
