Maybe even better than free.

Just upload the file you want to share with your friends and we send you a download link to your file. Keep your files private, or send your download links only to friends or family. Unfortunately, we can't make that part free. You can give this download link to your friends by mail or instant messenger. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. So try our free and simple filehosting servicenow. You don't need any special software installed to be able to download your files. You can upload any type of file (movies, music, documents, images, zipfiles and more). filehosting provides an easy possibility for you to send large files to your friends. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Simply upload your file and share the link. There are no restrictions on the number of times a file can be downloaded. Any file in any format can be uploaded and downloaded for free. This is easy, fast and reliable filehosting! You don't need any kindof premium-accounts. It is also allowed to link to the download page from websites and communities. Our service is completely free for everyone. We have nofile size limit. Using file, you can circumvent those limits without paying to upgrade your team chat service. If only we could, we surely would! On the otherhand, using file can actually save you money. File is free to use with no gotchas and no hidden fees. Alternatively you can choose to share your download linkson blogs, forums and social networking sites. You decide who you want to share your files with. Files can be downloaded from any computer from our highspeed servers. The cost of that data transfer is covered by your internet service or the data plan on your phone. Your wallet will be none-the-lighter! Just sowe're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to yourfriends device. No account or credit card is required to get started.
