Maybe even better than free.

No account or credit card is required to get started. Keep your files private, or send your download links only to friends or family. filehosting provides an easy possibility for you to send large files to your friends. Simply upload your file and share the link. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. There are no restrictions on the number of times a file can be downloaded. Our service is completely free for everyone. Ifonly we could, we surely would! On the other hand, using file can actually save you money. You can upload any type of file (movies, music, documents,images, zip files and more). Just upload the file you want to share with your friends and we send you a download link to your file. Why pay storage fees for afile that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps.This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. You don't need any special software installed to be able to downloadyour files. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Using file, you cancircumvent those limits without paying to upgrade your team chat service. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When youshare a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Any file in any format canbe uploaded and downloaded for free. So try our free and simple filehosting service now. Unfortunately, we can't make that part free. We have no file sizelimit. Alternatively you can choose to share your download links on blogs, forums and social networking sites. The cost of that data transfer is covered by yourinternet service or the data plan on your phone. Files can be downloaded from any computer from our high speed servers. You decide who you want to shareyour files with. File is free to use with no gotchas and no hidden fees. It is also allowed to link to the download page from websites and communities. You cangive this download link to your friends by mail or instant messenger.
