Maybe even better than free.

filehosting provides an easy possibility for you to send large files to your friends. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. It is also allowed to link to the download page from websites and communities. We have no file size limit. Why pay storage fees for afile that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Youcan upload any type of file (movies, music, documents, images, zip files and more). Keep your files private, or send your download links only to friends orfamily. Using file, you can circumvent those limits without paying to upgrade your team chat service. Our service is completely free for everyone. No accountor credit card is required to get started. Simply upload your file and share the link. Alternatively you can choose to share your download links on blogs, forumsand social networking sites. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees.Any file in any format can be uploaded and downloaded for free. If only we could, we surely would! On the other hand, using file can actually save you money.Files can be downloaded from any computer from our high speed servers. There are no restrictions on the number of times a file can be downloaded. Yourwallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and ourservers, then from our servers to your friends device. File is free to use with no gotchas and no hidden fees. The cost of that data transfer is covered by yourinternet service or the data plan on your phone. You don't need any special software installed to be able to download your files. You can give this download linkto your friends by mail or instant messenger. Unfortunately, we can't make that part free. This is easy, fast and reliable filehosting! You don't need any kind ofpremium-accounts. Just upload the file you want to share with your friends and we send you a download link to your file. So try our free and simple filehostingservice now. You decide who you want to share your files with.
