Our service is completely free for everyone. Files can be downloaded from any computer from our high speed servers. You can upload any type of file (movies, music, documents, images, zip files and more). Unfortunately, we can't make that part free. You don't need any special software installed to be able todownload your files. Just upload the file you want to share with your friends and we send you a download link to your file. If only we could, we surely would!On the other hand, using file can actually save you money. There are no restrictions on the number of times a file can be downloaded. Why pay storage fees fora file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone andour servers, then from our servers to your friends device. Using file, you can circumvent those limits without paying to upgrade your team chat service. Any filein any format can be uploaded and downloaded for free. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing youmoney in data storage fees. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. You decide who you want to shareyour files with. You can give this download link to your friends by mail or instant messenger. File is free to use with no gotchas and no hidden fees. The cost ofthat data transfer is covered by your internet service or the data plan on your phone. Simply upload your file and share the link. This is easy, fast and reliablefilehosting! You don't need any kind of premium-accounts. No account or credit card is required to get started. filehosting provides an easy possibility for youto send large files to your friends. So try our free and simple filehosting service now. Keep your files private, or send your download links
